AoE Zoom Seminar Series 2021

Prof. Yan ZHANG

Professor
College of Life Sciences
Shandong Agricultural University

Talk Title: “A Positive Feedback Module for Rho-Mediated Polar Growth in Plants”

Date: 15 Apr 2021 (Thu), Time: 10:00am-11:00am

Selected Publications:

Xiong F, Duan CY, Liu HH, Wu JH, Zhang ZH, Li S* and Zhang Y* (2020) Arabidopsis KETCH1 Is Critical for the Nuclear Accumulation of Ribosomal Proteins and Gametogenesis. *Plant Cell* 32(4):1270-1284.

Liang X, Li SW, Gong LM, Li S and Zhang Y* (2020) COPII Components Sar1b and Sar1c Play Distinct Yet Interchangeable Roles in Pollen Development. *Plant Physiology* 183(3):974-985.

Wang JG, Feng C, Liu HH, Feng QN, Li S and Zhang Y* (2017) AP1G mediates vacuolar acidification during synergid-controlled pollen tube reception. *PNAS* 114(24):E4877-E4883.
